However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT**1. GLOBAL ECONOMIC SCENARIO:**

Global economy grew 3.4% in CY22, slowing from the post-COVID rebound of 6.2% in CY21. Growth was in-line with pre-pandemic average (2015-19) of 3.4% despite Russia-Ukraine conflict and aggressive rate hikes by central banks. Advanced economies (AEs) saw above-trend growth of 2.7% in CY22, higher than the 2.1% average seen in the five years prior to the pandemic. This was led by strong growth in both US and Euro area which grew at 2.1% and 3.5% respectively.

Inflationary pressures remained near multi-decade highs in AEs, with US inflation averaging 8% Y-o-Y (highest since 1980s), while Euro area inflation also averaged a multi-decade high of 8.4%. Developed market central banks aggressively tightened their monetary policy to address inflation, with US Federal Reserve raising rates by 450bps in CY22, while European Central Bank hiked rates by 250 bps. Emerging Market and Developing Economies (EMDEs) grew 4% in CY22, below the pre-pandemic average of 4.4% due to slowdown in Chinese economy amidst frequent lockdowns.

China growth eased to 3%, well below the pre-pandemic average of 6.7% on continued zero-COVID policy and housing downturn. Crude oil prices were elevated during FY 2023, averaging \$93/bbl, remaining above \$100/bbl in first half of the fiscal year due to Russia-Ukraine conflict but receding in the second half with Chinese demand slowing and release of strategic petroleum reserves from OECD countries.

Presently, it appears that the global economic situation is once again characterized by increased uncertainty. In mid-April 2023, both the IMF and World Bank issued concerning statements regarding the state of the world economy. The IMF projected a challenging road ahead with global growth hitting a bottom in 2023, while the World Bank warned of a lost decade due to an aging workforce, reduced investment, and slower productivity that are affecting the world's potential growth (defined as the maximum rate of economic expansion without causing inflation). In its World Economic Outlook released in April 2023, the IMF projected global growth to decline to 2.8% in 2023 from 3.4% in 2022, before settling at 3% during 2024-28.

The global economy is being burdened by various factors such as the recent financial sector instability in the US and Europe, the persistence in global inflation, the spillover effects of the ongoing conflict in Ukraine, and the persistent impact of the pandemic, which includes new waves of infections. These issues are hindering global growth. The IMF has also brought attention to an alternate scenario in which severe stress in the financial sector could lead to a decline in global growth to 2.5% in 2023.

In the base case scenario, global headline inflation is anticipated to decrease from 8.7% in 2022 to 7% in 2023. However, underlying core inflation may persist at elevated levels for an extended period. Although consumer price inflation has decreased from its recent peaks in many economies due to lower energy costs and a reduction in supply chain disruptions, core inflation has proven to be resilient. Despite the recent easing of inflation, headline inflation remains significantly above the target rate in most advanced and emerging market economies.

2. INDIAN ECONOMY:

India's economy is recovering from the Covid-19 pandemic. In a globalised world, large, open economies like India are also affected by external events. The war in Ukraine, rising interest rates and tightening of liquidity will affect India's growth this year. Despite all these uncertainties, the World Bank expects India's GDP to grow at 6.3% in the coming year.

The spike in global commodity prices pushed up prices in India too, with retail inflation peaking at 7.79% in April 2022, above the medium-term target band of 2%-6% of the RBI. The RBI took stringent measures to combat the rising prices, hiking repo rate six times in FY 2022-23, from 4% at the beginning of May 2022 to 6.5% at the close of the financial year. Private consumption, however, witnessed a strong surge fuelling a boost in production across sectors.

Domestic sector services activity remained resilient with average Services PMI higher at 57.5 in FY23 vs 52.2 in FY22. Manufacturing too remained robust with average manufacturing PMI higher at 55.8 in FY23 vs 54.1 in FY22. Credit growth gained traction with year-on-year growth of 15% (as of March '23) while deposit growth lagged with year-on-year growth of 9.6%, leading to a rise in incremental credit-deposit ratio.

3. MEDIA AND ENTERTAINMENT INDUSTRY IN INDIA:

The Indian M&E sector grew 20% to Rs. 2.1 trillion (US\$26.2 billion), 10% above its pre-pandemic levels. While television remained the largest segment, digital media cemented its position as a strong number two segment followed by print media. The M&E sector is expected to grow 11.5% in 2023 to reach Rs. 2.34 trillion (US\$29.2 billion), then grow at a CAGR of 10% to reach Rs. 2.83 trillion (US\$35.4 billion) by 2025.

a. FILMED ENTERTAINMENT:

The filmed entertainment segment recovered as theatrical releases doubled, and reclaimed the fourth position overtaking online gaming. Over 1,623 films were released in 2022, which is 9% higher than 2019 levels. 335 Indian films were released overseas. Gross box Office (GBO) revenues increased almost three times the revenues of 2021 to Rs. 105 billion. The Rs. 100 billion mark in GBO collections was crossed only the second time in Indian history.

Filmed entertainment recovered to 90% of its pre-pandemic levels. We expect the film segment to continue to grow, driven by theatrical revenues as Hindi movies go mass in their storytelling, incorporate more VFX to enhance the movie-going experience and expand into tier-II and III cities.

As per the FICCI-EY Report, the Filmed Entertainment segment will grow to Rs. 228 billion by 2025 driven by higher per capita income, which will expand the cinema audience base to 120 to 150 million, and by offering segmented offerings – classy and massey – for distinct audience sets across markets and price points.

b. REGIONAL MOVIES:

There is a large expansion in regional films. On the 1,623 movies released this year across languages, the highest number of films were released in Telugu (278), Kannada (233), followed by Tamil (288) and Malayalam (199). Only 194 films were released in Hindi. Eight Hindi movies that crossed the Rs. 1 billion marks and four Hindi films were among the top 10 grossing films of 2022. Gross box office revenues increased almost three times the revenues of 2021 to Rs. 105 billion

c. OUTLOOK FOR THE INDIAN MEDIA AND ENTERTAINMENT (M&E) INDUSTRY:

India's Entertainment & Media industry is expected to reach US\$73.6bn by 2027 at 9.7% CAGR. These figures come from PwC's Global Entertainment & Media Outlook 2023-2027, the 24th annual analysis and forecast of E&M spending by consumers and advertisers across 53 territories in 13 sectors, according to PwC's Report on 'Global Entertainment and Media Outlook 2023-2027.'

The Indian Internet advertising market is among the fastest-growing in the world, with a 12.3% CAGR expected to see total revenue climb from US\$4.4bn in 2022 to US\$7.9bn by 2027. There will be growth across the market over the forecast period, with the strongest performances coming in the mobile sector, where an overall CAGR of 13.7% is expected to push total revenue from US\$3.1bn to US\$5.8bn. In the wired sector, revenue will increase from US\$1.4bn to US\$2.1bn, at a CAGR of 8.9%", the report said.

India's consumer book market will increase at a 3.7% CAGR between 2022 and 2027, with total revenue increasing from US\$1.1bn to US\$1.3bn. Most of the growth will come from the electronic books sector, where revenue will see an impressive increase at a 10.3% CAGR. In the print sector, growth will be more modest, with increase at a 1.7% CAGR expected. Print still dominates the Indian market, accounting for 80.1% of total revenue in 2022, with electronic books making up the other 19.9%. Electronic books will gain ground over the forecast period, making up 27.2% by 2027", said PWC Report.

With new launches from international players and increasing "pay-lite" options, OTT revenue has surged in recent years, expanding a further 25.1% in 2022 to reach US\$1.8bn. This is over six times the revenue of 2018. The market will continue to grow at an impressive rate, increasing at a 14.3% CAGR to produce revenue of US\$3.5bn in 2027. This will be driven by the competitive SVOD sector, which accounted for 78.1% of market revenue in 2022. Although subscription service revenue will expand at a 13.0% CAGR to reach US\$2.6bn, advertising-supported services (AVOD) will grow at a higher rate, albeit from a lower base, the report added.

India's TV advertising market recovered rapidly from the COVID-19 pandemic downturn, with revenue expanding 19.0% in 2021 and 11.9% in 2022 to reach US\$4.7bn. There remains considerable room for growth with advertisers keen to access India's vast population and large live audiences. TV ad spend will grow at a 6.4% CAGR to reach US\$6.5bn in 2027. At this time, India will be the fourth-largest TV advertising market globally, after the US, Japan and China. The market's expansion continues to be based on economic development and an increasing proportion of households having television sets", it said.

4. THE ROAD AHEAD:

Indian M&E industry is on an impressive growth path. The industry is expected to grow at a much faster rate than the global average rate.

Growth is expected in retail advertisement on the back of several players entering the food and beverages segment, E-commerce gaining more popularity in the country, and domestic companies testing out the waters. Rural region is also a potentially profitable target.

Factors that will Propel the Growth of the Multiplex Industry over the Foreseeable Future

- i. **GDP Growth & Per Capita Consumption:** India is the fastest growing economy currently and is expected to grow at the fastest pace for the next few years. By 2030, India could become world's third-largest economy.
- ii. **Higher Disposable Income:** People have greater discretionary money when their per capita income rises, which raises their standard of living. India's per capita income has doubled from Rs. 86,647 in FY 2014-15 to Rs. 1,72,000 in FY 2022-23.
- iii. **Lack of Out of Home Entertainment Options in India:** Multiplexes continue to remain the cheapest form of out of home leisure activity in India as compared to theme park visits, dining out and vacations.
- iv. **Improving Lifestyle:** Footfall at multiplexes has increased as the lifestyle choices of a youthful and vast working population have improved. The lack of out-of-home entertainment options in India, combined with excellent audio and visual experiences, a pleasant atmosphere, and comfortable seating, are some of the elements fueling this need.
- v. **Increasing Focus on Customer Experience:** Multiplexes are increasingly focused on providing a high-quality customer experience, with comfortable seating, high-quality sound and picture, and a range of food and beverage options. This focus on customer experience is likely to drive demand for multiplexes in the coming years.
- vi. **Technological Advancements:** Technological advancements such as 3D and 4D screenings, as well as virtual and augmented reality experiences, are likely to drive demand for multiplexes as customers seek out new and immersive entertainment experiences.
- vii. **Increasing Number of Malls:** Over the last decade, the number of malls has increased dramatically. Previously only found in Metros and Tier-I cities, they are now finding their way into Tier-II cities as well. The expansion of multiplexes will also be aided by this deepening footprint.
- viii. **Diversification of Content:** Multiplexes are no longer limited to screening mainstream films but are also showing independent and foreign language films, as well as live events such as concerts and sporting events. This diversification of content is likely to appeal to a broader range of customers and drive demand for multiplexes.

5. RISK FACTORS & CONCERNS:

a. Ever changing trends in Media sector:

It may not be possible to consistently predict changing audience tastes. People's tastes vary quite rapidly along with the trends and environment they live in. This makes it virtually impossible to predict whether a particular show or serial would do well or not. With the kind of investments made in ventures, repeated failures would have an adverse impact on the bottom line of the Company.

b. New Business Models:

Entertainment companies now have to figure out how to diversify and compete on smaller scales. The company needs to interface more directly with consumers via social media posts, pushing new content directly to streaming services rather than focusing on physical albums or DVDs first.

c. Talent Risk:

The success of most entertainment companies is dependent on its stars. The artists and performers that audiences pay to see and listen to. But when so much of an album, a movie or television shoot, or a concert revolves around an individual, that individual presents as much risk as opportunity. Entertainment companies typically carry cast insurance to cover extra expenses associated with executing Plan B, but changing plans last-minute can introduce or elevate other existing risks.

6. RISK MANAGEMENT & INTERNAL CONTROLS:

The Company has a robust Risk Management framework to identify, evaluate business risks and opportunities. This framework seeks to create transparency, minimize adverse impact on the business objectives and enhance the Company's competitive advantage. The business risk framework defines the risk management approach across the enterprise at various levels including documentation and reporting. The framework has different risk models which help in identifying risks trend, exposure and potential impact analysis at a Company level as also separately for business segments. The Company has identified various risks and also has mitigation plans for each risk identified. The Risk Management Policy of the Company is available on our website <http://sdctech.in/InvestorRelation.php?act=Policy>.

The Board has adopted the policies and procedures for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial disclosures.

7. DISCUSSION ON FINANCIAL PERFORMANCE:

During the year under review, the Company has earned a Net Profit of Rs. 33.17 lacs as compared to Net Loss of Rs. 139.57 Lacs in previous year. Your Directors are continuously looking for avenues for future growth of the Company in Media and Entertainment Industry.

INDEPENDENT AUDITOR'S REPORT**To the Members of M/s. SDC TECHMEDIA LIMITED****Report on the Financial Statements****Qualified Opinion**

We have audited the accompanying Financial Statements of **M/s. SDC TECHMEDIA LIMITED** (*"the Company"*) which comprises the balance sheet as at March 31, 2023, the Statement of Profit and Loss for the year then ended, and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of the significant accounting policies (hereinafter referred to as *"the financial statements"*) and in accordance with the accounting principles generally accepted in India, including the Accounting Standards prescribed under section 133 of the Act, as applicable.

In our opinion and to the best of our information and according to the explanations given to us except for the effects of the para on basis of opinion below, financial statements required by the Companies Act, 2013 in the manner so required give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, and its profit and its cash flows for the year ended on that date.

Basis of opinion

The Company has made provision for gratuity during the year for which no actuarial valuation report has been obtained. We are unable to comment whether the provision made is sufficient to cover the future liability and consequently, its financial impact in the profit & loss account in the absence of such report.

The company has not been deducting or remitting Professional tax. Hence, the impact in the profit and loss account is not ascertainable.

We have not received direct balance confirmations from the trade receivables, trade payables and advance from customers and advances to suppliers, capital advances for which we were unable to perform alternative audit procedures for confirmation. In such circumstances, we are unable to comment on the correctness of the balances in the accompanying financial statements.

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the year ended March 31, 2023. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon; we do not provide a separate opinion on these matters.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 (*"the Act"*) with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit and cash flows of the company in accordance with the other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are

reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast a significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

**ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT
(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements'
of our report of even date)**

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **M/s. SDC TECHMEDIA LIMITED** ("the Company") as of March 31, 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES ON THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED MARCH 31, 2023**Significant Accounting Policies****1. Corporate Information**

SDC Techmedia Limited ("the company") was incorporated on May 30, 2008 under the Companies Act, 1956 having its registered office at Chennai. The company is engaged in the media and entertainment sector.

Significant Accounting Policies

This note provides a list of the significant accounting policies adopted in the preparation of the financial statements. These policies have been consistently applied to all the years presented unless otherwise stated.

Basis of preparation of financial statements**(a) Statement of compliance**

These Financial Statements have been prepared to comply with the Generally Accepted Accounting Principles in India (Indian GAAP), including the Accounting Standards notified under the relevant provisions of the Companies Act, 2013. The financial statements are prepared on accrual basis under the historical cost convention. The financial statements are presented in Indian Rupees rounded off to the nearest rupee. All income and expenditure having a material bearing on the Financial Statements are recognized on accrual basis.

(b) Use of Estimates

The preparation of financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the accrual results and the estimates are recognized in the periods in which the results are known / materialize.

(c) Operating Cycle

Based on the nature of activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

(d) Functional and Presentation currency

The Financial statements are presented in Indian Rupees, which is the functional currency of company and the currency of the primary economic environment in which the company operates.

**(e) Revenue Recognition
Revenue from Services**

Timing of recognition: Revenue from Services is recognised in the accounting period in which the services are rendered. For fixed price contracts, revenue is recognised based on the actual service provided to the end of the reporting period as a proportion of the total services to be provided (percentage of completion method).

Measurement of revenue: Estimates of revenues, cost or extent of progress towards completion are revised if circumstances change. Any resulting increases or decreases in estimated revenues or costs are reflected in profit or loss in the period in which the circumstances that give rise to the revision become known to the management.

Dividend and Interest Income

- a) Dividend income from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably).
- b) Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

(f) Taxation:

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax:

Income tax expense comprises of current tax and deferred tax charge or credit. Current Tax is determined based on the taxable income computed in accordance with the provisions of Income Tax Act, 1961.

Deferred tax:

Deferred Tax Assets and Liabilities are recognised for the future tax consequences of timing differences between the book profit and tax profit. While deferred tax liabilities are recognised immediately, deferred tax assets are recognised only if there is virtual certainty of taxable profits in the future.

(g) Impairment of assets

The Company assesses at each Balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. An asset's recoverable amount is the higher of an asset's or cash generating unit's net selling price and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows from continuing use that are largely independent of those from other assets or group of assets. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognized in the Statement of Profit and Loss. If at the Balance Sheet date, there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost and is accordingly reversed in the Statement of Profit and Loss.

(h) Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts (if any).

(i) Investments

Investments that are readily realizable and are intended to be held for not more than one year from the date on which the investments are made, are classified as Current Investments. All other Investments are classified as Long Term Investments.

Current Investments are stated at lower of cost and fair value. Long Term Investments are carried at cost, after providing for any diminution in value, if such diminution is other than temporary in nature.

(j) Property Plant and Equipment

- (i) Fixed assets are stated at cost less accumulated depreciation. Cost includes non-refundable taxes, duties and other incidental expenses related to acquisition and installation.
- (ii) The carrying value of fixed assets, both tangible and intangible, is reviewed at each Balance Sheet date and impairment is provided for, if the carrying value of an asset exceeds its recoverable amount.
- (iii) Fixed Assets are physically verified in every year.

(k) Depreciation and Amortization methods, estimated useful lives and residual value

The Company has aligned the useful life of its fixed assets with those specified in Part C of Schedule II to the Companies Act, 2013 wherever the useful lives of assets are determined.

The useful lives of the asset are detailed as under:

ASSET PARTICULARS	USEFUL LIFE
Motor car	8 Years
Plant and machinery	13 Years
Computers	3 Years
Furniture & Fittings	10 Years
Electrical Equipment	10 Years
Computer software	6 Years

(l) Provisions Contingent Liabilities and Contingent Assets

Provisions are recognized when the Company has a present obligation as a result of past events, for which it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount can be made. Contingent liabilities, if material, are disclosed by way of notes to accounts. Contingent assets are not recognized or disclosed in the financial statements.

(m) Employee Benefits**Short term obligations**

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

Contribution towards Superannuation Fund, Pension Fund, government administered Provident Fund and Employee State Insurance Scheme are treated as Defined Contributions Schemes. In respect of contributions made to Superannuation Fund, Pension Fund, government administered Provident Fund and Employee State Insurance Scheme, the Company has no further obligations beyond its monthly/yearly contributions. (o) Operating leases

(p) Inventory

Inventories are valued at the lower of cost and net realizable value.

a) Cost of projector components, stores and spares are ascertained on First in First Out (FIFO) basis.

b) Cost of finished goods comprises of purchase and other costs incurred in bringing the inventories to their present location and condition

(q) Earnings per share

(r) Segment reporting
